Section 1. Terms used in this chapter shall be construed as follows, unless other meaning is clearly apparent from the language or context, or unless such construction is inconsistent with the manifest intention of the legislature: "Commercial motor vehicles" shall include all motor vehicles designed or used solely for the transportation of merchandise or freight and all motor vehicles designed and used as omnibuses for the transportation of passengers on the payment of individual fares. "Intersecting highway" shall mean any highway which joins another at an angle, whether or not it crosses the other. "Liveryman" shall include every person who, whether engaged in buying, selling, or exchanging motor vehicles or not, maintains for hire one or more motor vehicles. "Motor cycle" shall mean a motor vehicle having but two wheels in contact with the ground. "Motor vehicles" when used in this act, except when otherwise expressly provided, shall include all vehicles propelled by any power other than muscular, except road rollers, street sprinklers, fire engines and fire department apparatus, police patrol wagons, ambulances, and such vehicles as run only upon rails or tracks. "Non-resident" shall apply to any resident of another state or country who has no regular place of abode or business in this state for a longer period than one month in the calendar year. "Number plate" shall mean the sign or marker furnished by the secretary on which is displayed the register number assigned to such motor vehicle by said secretary. "Person" shall include any corporation, association, copartnership, company, firm, or other aggregation of individuals which owns or controls any motor vehicle as owner, or for the purpose of sale, or for renting as agent, salesman, or otherwise. "Police

"Register number" shall apply to the number or mark assigned by said secretary to a motor vehicle, whether or not such number or mark includes a letter or letters. "Secretary" shall include the secretary of the state and the deputy or acting deputy secretary of the state.

REGISTRATION OF MOTOR VEHICLES.

Statement to be made
in application for
registration.

Sec. 2. Every owner of one or more motor vehicles shall file annually in the office of the secretary, on a blank furnished by said secretary: (a) a statement of his name, residence, and postoffice address; (b) a description of each motor vehicle owned or controlled by him, including the name of the maker, the number, if any, affixed by the maker, in the case of a commercial motor vehicle the carrying capacity advertised for said vehicle by the maker thereof, the character of the motor power, the amount of such motor power stated in figures of horse power, such horse power, in the case of internal combustion engines, to be determined in accordance with the formula adopted by the Association of Licensed Automobile Manufacturers, and in the case of steam and electric motor vehicles the amount of such horse power to be taken as advertised by the maker thereof, and for such motor vehicles as have two ratings of horse power the registration to be based upon the higher rating; (c) such other information as shall be required by said secretary. Said secretary shall then register such motor vehicle, if such owner is, under the provisions of this act, a proper person to receive a certificate of registration, shall assign to such motor vehicle a distinguishing number or mark, and shall thereupon issue to the owner thereof a certificate of registration which shall contain the name, place of residence, and postoffice address of the owner, and the number or mark assigned to such motor vehicle, and shall be in such form and contain such further information as said secretary may determine; and such certificate shall at all times be carried upon such motor vehicle and shall be subject to examination upon demand by any proper officer. An applicant for the registration of a motor vehicle who does not file his application therefor until after the last day of March in any year shall be entitled to a pro-rata reduction in the fee for such registration calculated to the first day of the month in which application is made. Upon the transfer of ownership of any vehicle its registration shall expire, and the person in whose name such vehicle is registered shall return, forthwith, the certificate of registration to the secretary, with a written notice containing the date of such transfer of ownership, and the name, place of residence, and postoffice address of the new owner. RELATIVE TO OPERATORS' MARKERS

2A

In pursuance of the provisions of Section 3 of this Act, the Secretary hereby prescribes the following method for the display of the operators' license numbers on motor vehicles registered under the provisions of said section:

The number shall be painted or enameled on a stiff metal plate, the figures thereon shall not be less than four inches high and each stroke thereon shall be not less than one-half inch wide and the figures shall be three-quarters inch apart. The color of the figures shall be bright yellow and the background black. The plates or markers shall be securely fastened to the back of the seat on unfinished or test cars, and on finished motor vehicles they shall be securely fastened, so as not to swing, the lower edge being immediately above the register number of the car, and so arranged that both it and the register number shall be illuminated by the rear light, when lighted.

who transfers to another the ownership of a registered motor vehicle owned by him, upon the filing of a new application and upon the payment of the proper fee, may have registered in his name another motor vehicle for the remainder of the calendar year, provided the horse power of such other motor vehicle is the same or less than that of the motor vehicle registered by him, the certificate of which has been surrendered; but if the horse power of such other motor vehicle is greater than that of the motor vehicle the certificate of which has been surrendered, the applicant shall pay, in addition to said fee, the difference between the fee paid by him for the surrendered certificate and the fee for the registration of the motor vehicle of the higher horse power. The certificates provided for in this section and in section three shall continue in force until midnight on the thirty-first day of December of the year in which issued.

Dealer's, manufacturer's and liveryman's application.

Sec. 3. Every dealer in or manufacturer of motor vehicles may, instead of registering each motor vehicle owned by him, make application to said secretary for a general distinguishing number or mark, and the secretary may, if satisfied as to the facts stated in said application, issue to the applicant a certificate of registration containing the name, place of residence, and business address of the applicant, and the general distinguishing number or mark assigned to him and made in such form and containing such further information as said secretary may determine, and every motor vehicle owned by such manufacturer which is used for the purpose of testing or demonstrating, and every motor vehicle owned by a dealer, shall be regarded as registered under, and have assigned to it, such distinguishing number or mark. Manufacturers and dealers shall not be required to carry such certificates upon the vehicles registered under the provisions of this section, but every person operating a motor vehicle registered under the provisions of this section by a manufacturer or dealer shall display on such vehicle, in such manner as said secretary may prescribe, the operator's license number assigned to such person. Every dealer in motor vehicles shall, at the time of making his application, file with the secretary a certificate of his appointment as dealer or sub-dealer by the manufacturer represented by him, and he shall, semi-annually, on the first day of January and July, file with the secretary a statement, under oath, of the number of motor vehicles transferred to him and by him since the last preceding statement; and every dealer in motor cycles shall, annually, on the first day of January, file a similar statement of transfers made to and by him. Every liveryman may, instead of registering under section two hereof each motor vehicle owned by him, make application to said secretary, on a blank furnished by said secretary, for a liveryman's license and shall state therein his name, place of residence, post-office address, and give a description of each motor vehicle

owned by him which is kept for hire, including the same information as is required under section two hereof, and such further information as said secretary may determine. Said secretary shall then register each motor vehicle kept by said liveryman for hire, if such applicant is, under the provisions of this act, a proper person to receive such certificate of registration, shall assign to each such motor vehicle a distinguishing number or mark, and shall thereupon issue to the owner thereof a certificate of registration which shall contain the name, place of residence, and post-office address of the owner, and the number or mark assigned to such motor vehicle, and shall be in such form and contain such further information as said secretary may determine; and such certificate shall at all times be carried upon such motor vehicle and shall be subject to examination upon demand by any proper officer. All records of the motor vehicle department of the secretary's office shall be open to public inspection at any time during office hours.

NUMBER PLATES.

Markers to be displayed on front and rear of motor vehicles.

Sec. 4. Every motor vehicle shall, at all times while in use or operation upon the public highways of this state, have displayed in a conspicuous place, at the front and rear, the register number plates or markers furnished by the secretary. Said plates shall be of a distinctly different color each year and shall be in such form as said secretary may determine; shall bear the abbreviation Conn.; the numerals of the register number thereon, except on motor cycle number plates, shall be not less than four inches high, and each stroke not less than one-half of an inch wide, and each digit thereof shall occupy a space not less than two and three-quarters inches in width. The numerals of the register number on motor cycle number plates shall be two and one-half inches high, each stroke three-eighths of an inch wide, and each digit shall occupy a space not less than two inches in width. Said secretary shall furnish, annually, without charge, one pair of number plates for each individually registered motor vehicle, one pair for each motor vehicle registered by a liveryman, and six pairs for each registered manufacturer or dealer, upon application therefor. Such number plates, upon such motor vehicles, shall, at all times, be entirely unobscured, and the register number and letters thereon shall, at all times, be plainly legible. Said number plates shall be horizontal, and shall be so fastened as not to swing; the lower edges thereof shall be at least eighteen inches from the ground, and, during the times when a motor vehicle is required to display lights, the rear register number shall be so illuminated as to be legible at a distance of sixty feet. Not more than one set of number plates and one operator's license number plate shall be displayed on any motor vehicle in operation upon the public highways of this state. If any number plate supplied by the secretary

is lost, or if the register number thereon becomes illegible, the owner or person in control of the motor vehicle for which such number plate was furnished shall immediately place a temporary number plate, bearing his register number, upon such motor vehicle, provided such temporary number plate and register number thereon shall conform to the regular number plate and be displayed as nearly as possible as herein provided for said regular number plate; and said person shall, within twenty-four hours after such loss or mutilation of his number plate, give notice thereof to the secretary and apply for a new number plate, and thereupon said secretary shall supply a new number plate upon the payment of the fee therefor, as hereinafter provided. In the event that said secretary is unable to furnish immediately to any person entitled thereto any plate or marker provided for by this section, he may issue a certificate to such person stating that such marker has been ordered and giving the number thereof.

OPERATOR'S LICENSE.

Applications for and
granting of operators'
licenses.

Sec. 5. No person shall operate a motor vehicle upon the public highways of this state until he shall have obtained from the secretary a license for that purpose, but no such license shall be issued until said secretary is satisfied that the applicant is over eighteen years of age and is a proper person to receive it. If any applicant for such license possesses any physical defect which might affect the operation by him of a motor vehicle, the secretary may require such applicant to show cause why a license should be granted him, and may require such applicant to demonstrate personally that, notwithstanding such defect, he is a proper person to operate a motor vehicle, and if the secretary be satisfied of the ability of such applicant, he may issue to him a license containing such limitations as to the vehicle to be operated under such license as the secretary shall deem advisable. Nothing herein contained shall prevent the operating of a motor vehicle by an unlicensed person sixteen years of age or more, other than a person whose application has been denied or whose license has been suspended or revoked, if accompanied by a licensed operator, which licensed operator shall be personally liable for any violation of the provisions of this act. Applications for licenses shall be made upon blanks furnished by said secretary, and such application blanks shall be in such form and contain such provisions, not inconsistent with this act, as said secretary may determine. A number shall be assigned to each license, and a proper record of all applications for licenses and licenses issued shall be kept by said secretary at his office, and shall be open to public inspection. Each license shall state the name, place of residence, and postoffice address of the licensee and the number assigned to him, and such facts and provisions, not inconsistent with this act, as said

secretary may determine. Every person licensed to operate motor vehicles as aforesaid shall, upon the receipt of his said license, endorse his signature on the back thereof, in a space provided for the purpose, and such license shall not be valid until so endorsed. Said licenses shall expire at midnight on the last day of February in each year. Such license shall, at all times, be carried by the licensee when he is operating a motor vehicle upon the highways of this state, and shall be subject to examination upon demand by any proper officer.

Certificate or license
issued on false appli-
cation, void.

Sec. 6. Any certificate or license for any operator which is issued by said secretary upon an application or statement which is untrue as to any material matter shall be void from the date of its issuance, and said motor vehicle operator shall be deemed to be unlicensed.

MOTOR VEHICLE EQUIPMENT.

Motor vehicles to be
provided with brakes,
lights, and bell or
horn.

Sec. 7. Every motor vehicle of more than ten horse power, while in use upon the public highways of this state, shall be provided with at least two brakes, powerful in action, and separated from each other, of which one brake shall act directly on the driving wheels or on parts of the mechanism which are rigidly connected with said wheels. One of the two brakes shall be so arranged as to be operated with the feet. On any motor vehicle not exceeding ten horse power one brake shall be sufficient. Every motor cycle shall be provided with at least one brake, which brake may be operated by hand. Every motor vehicle so operated shall be provided with a suitable bell, horn, or other signaling device, which shall produce an abrupt sound sufficiently loud to serve as an adequate warning of danger, but no person operating any motor vehicle shall make or cause to be made any unnecessary noise with such bell, horn, or signaling device or use the same except as a warning of danger. Every motor vehicle, except a motor cycle, shall, during the period from one-half hour after sunset to one-half hour before sunrise, display at least two white lights on the forward part of said vehicle, and every motor cycle so operated shall be provided with at least one white light, which light or lights shall be visible not less than two hundred feet in the direction in which said vehicle is proceeding; every motor vehicle so operated shall have a rear light so placed as to show a red light from behind, and a white light so arranged as to illuminate the rear number plate in accordance with the provisions of section four. No motor vehicle shall be operated upon the public highways of this state at any time unless the engine of such vehicle shall be reasonably muffled so that the explosions of said motor while so operated shall not constitute a nuisance to the public. No motor cycle shall be operated at any time

with its muffler open. No person shall use on any vehicle upon the public highways of this state, except upon fire apparatus or upon an ambulance, any siren horn for a signal.

FEES.

Fees.

Sec. 8. The secretary shall collect fees as follows: For the registration of every motor cycle, two dollars; for the registration of every commercial motor vehicle, regardless of the horse power thereof, seven dollars for the first one thousand pounds or fractional part thereof of carrying capacity as determined by said secretary, and three dollars for each additional one thousand pounds or fractional part thereof over four hundred pounds above the first one thousand pounds of carrying capacity; for the registration of each motor vehicle operated for hire by a liveryman, ten dollars; for the registration of all motor vehicles owned by a dealer in motor vehicles, fifty dollars; for the registration of all motor cycles owned by a dealer in motor cycles, ten dollars; for the registration of every other motor vehicle, fifty cents per horse power, said horse power to be determined according to the provisions of section two of this act; for the substitution of the registration of a motor vehicle, except a motor cycle, previously registered in accordance with the provisions of section two of this act, including motor vehicles registered by a liveryman, one dollar; for the substitution of the registration of a motor cycle, fifty cents; for each motor vehicle engine owned by a manufacturer of motor vehicles and tested or operated on the highways of this state, one dollar, but every manufacturer shall deposit with the secretary upon making application for registration as a manufacturer, and in January of each year thereafter, twenty-five dollars, which sum shall be a minimum fee for every manufacturer so testing or operating less than twenty-five motor vehicle engines during the year, as shown by his annual statement, and shall be applied to the total amount required to be paid by said manufacturer so testing or operating more than twenty-five motor vehicle engines during the year, as shown by his annual statement, and every such manufacturer shall, on or before December thirty-first in each year, make a written report, under oath, to the secretary, of the number of engines so tested or operated during the year last preceding; for each operator's license to operate motor vehicles, two dollars; for every additional copy of a certificate of registration or license, fifty cents; for every set of number plates furnished in addition to those allowed by section four, one dollar, provided the secretary shall furnish, without charge, copies of certificates and licenses and other documents relating thereto to officers of this state, or of any court thereof, or of any city, town, or borough therein, or to any official of any other state. No fees shall be collected for any motor

7

vehicle owned by a municipality and used exclusively in the conduct of municipal business. The minimum annual fee for any motor vehicle, except a motor cycle, shall be five dollars; and the minimum fee for any pro rata registration for any motor vehicle shall be one dollar.

REVOCATIONS AND SUSPENSIONS.

Suspension and revocation of certificates of registration or licenses. Sec. 9. (a) The secretary may suspend or revoke any certificate of registration or any license issued to any person under the provisions of this act, with or without a hearing, for any cause which he may deem sufficient, and may order such certificate or license to be delivered to him whenever he has reason to believe that the holder thereof is an improper or incompetent person to operate motor vehicles, or is operating improperly or so as to endanger the public; and neither the license nor the certificate of registration shall be reissued unless, upon investigation, said secretary determines that the operator may again be legally permitted to operate. (b) Upon a subsequent conviction of any person for an offense involving a violation of section eleven of this act, or of operating a motor vehicle while under the influence of intoxicating liquor or drugs, or upon a wager, or in a race, or of going away without stopping and giving his name and address after causing injury to any person or property, the secretary shall immediately revoke the license of the person so convicted, and if any person convicted of any such offense a second time by a trial court shall appeal from the decision of said trial court, said secretary shall suspend, forthwith, the license of the person so convicted and appealing, and shall order the license delivered to him, and shall not reissue the same unless such person is acquitted upon such appeal, or unless the secretary, in his discretion, shall decide that said license should be reissued. If the operator so convicted a second time is the owner of a motor vehicle, or the bailee or employee of the owner, and was the bailee of or was employed by such owner when the first conviction was had, said secretary shall revoke the certificate of registration of such owner, or of the bailor or employer of the operator so convicted. (c) Whenever any license or certificate shall have been revoked under the provisions of this act, no new license or certificate shall be issued by said secretary to such person until after thirty days from the date of such revocation, nor thereafter except in the discretion of said secretary; and no motor vehicle, the registration of which has been so suspended or revoked, shall be registered in the name of any person until at least thirty days from the date of suspension or revocation unless said secretary shall determine otherwise. (d) Whenever the death of any person results from

any accident in which a motor vehicle is concerned, said secretary shall forthwith suspend the license of the operator of the motor vehicle involved in said accident and shall order said license to be delivered to him, and shall revoke the same, unless, upon investigation, he determines that the accident occurred without serious fault upon the part of such operator. No operator whose license is so revoked shall be licensed again within one year after the date of the revocation, nor thereafter except in the discretion of said secretary. (e) Notice of the revocation or suspension of any license or certificate of registration shall be transmitted forthwith by said secretary to the chief of police of the city or prosecuting officers of the borough or town in which the person whose license or certificate of registration so revoked or suspended resides. Said secretary shall revoke, upon due notice and hearing, (f) all the certificates and licenses of any person who shall loan or rent to any other person, or who shall permit any other person to take, any license, certificate, or number plate for use in or upon any motor vehicle other than the one for which it was issued by said secretary; (g) the license of any manufacturer or dealer who shall permit any person to use in or upon any motor vehicle not owned by said manufacturer or dealer any license, certificate, or number plate issued to such manufacturer or dealer by said secretary; (h) the license of any person who loans or rents to any other person, or permits any other person to use, his operator's license. No new license or certificate shall be issued to any such person whose license or certificate has been revoked under subsection (f), (g) or (h) of this section, until after six months from the date of such revocation. In the administration of the laws and regulations relating to motor vehicles and to their operators, the secretary may summon witnesses in behalf of the state and may administer oaths and take testimony, and may also cause depositions to be taken and may order, when necessary for the carrying out of such provisions or of any of the powers granted him thereby, the production of books, papers, and documents. Any person who swears or affirms falsely in regard to any matter or thing respecting which an oath or affirmation is required by said secretary, or by this act, shall be deemed guilty of perjury. The fees for attendance and travel of witnesses shall be the same as for witnesses before the superior court, and shall be paid by the state treasurer, on the day of attendance, upon the certificate of said secretary, which shall be filed with the comptroller. The superior court shall have jurisdiction in equity, upon the application of said secretary, to enforce all lawful orders of the secretary under this section.

If such horse or other draft animal being so led, ridden, or driven, shall appear to be frightened, and if the person in charge thereof shall signal so to do, the person operating such motor vehicle shall bring the same immediately to a stop, and, if traveling in the opposite direction, shall remain stationary so long as may be reasonable to allow such horse or other draft animal to pass, or if traveling in the same direction, shall use reasonable caution in thereafter passing such horse or other animal. Upon approaching an intersecting highway, or a curve or a corner of a highway, every person operating a motor vehicle shall slow down and give a timely signal with his bell or horn when reasonable care requires, and shall keep to the right of the intersection of the center of both highways when turning to the right, and pass to the right of the intersection of the centers of said highways before turning to the left.

evidence that the person operating such motor vehicle is operating the same at a rate of speed greater than is reasonable and proper, and in violation of the provisions of section eleven of this act. If, except within the limits of an incorporated city, the rate of speed of a motor vehicle operated on the public highways of this state, where the operator's view of the road and traffic is obstructed, when approaching a crossing or intersecting public highway, or when traversing a bridge, or a sharp turn, or a steep descent, or a curve in the highway, exceeds ten miles an hour, such rate of speed shall be prima facie evidence that the person operating such motor vehicle is operating the same at a rate of speed greater than is reasonable and proper, and in violation of the provisions of section eleven of this act. If the rate of speed of a motor vehicle operated upon the public highways of this state in passing any street railway car that is stationary or about to stop, on the same side of the car on which passengers are ordinarily received and discharged, exceeds three miles an hour, such rate of speed shall be prima facie evidence that the person operating such motor vehicle is operating the same at a rate of speed greater than is

Sec. 19. No recovery shall be had in the courts of this state, by the owner or operator, or any passenger of a motor vehicle which has not been legally registered in accordance with section two or three of this act, for any injury to person or property received by reason of the operation of said motor vehicle in or upon the public highways of this state, unless said motor vehicle is the property of a non-resident and is within the provisions of section ten of this act; nor shall such recovery be had if the motor vehicle be registered but is being operated by an unlicensed person in violation of section five of this act.

Sec. 20. In all complaints for the violation of any provision of this act the justice of the peace before whom the same may be tried shall have jurisdiction and power to render judgment and issue process of execution and mittimus thereon where such fine or penalty imposed shall not exceed two hundred dollars, or imprisonment for thirty days or both, but the defendant shall have the right of appeal as in other cases. BAIL AND RECOGNIZANCES.

Sec. 21. Any person arrested for violating any of the provisions of this act may tender as bail a motor vehicle of which he is owner, and if such vehicle is of sufficient value it shall be accepted as security for his appearance, in lieu of any other bail. Any person licensed under this act who is arrested by an officer for violation of any of its provisions, except those relating to driving while intoxicated or under the influence of drugs, or to using a motor vehicle without the permission of the owner, shall, unless such violation involves the death or serious injury of any other person, upon showing the proper certificate for the motor vehicle which he was driving at the time of said violation and his own license as an operator, be allowed to go, by said officer, on his own recognizance; provided, that if any person so arrested shall fail to appear for trial at the proper time and place, when summoned by a notice sent by registered mail, at least five days before the day of said trial, to the address disclosed in his said operator's license, his said certificate

or license, and all others which he may hold, shall be immediately revoked by said secretary, and no new license or certificate shall be issued to him within three months from the date of such revocation, nor shall any certificate be granted to any other person, within thirty days after such revocation, for any of the motor vehicles the certificates of which shall be thus revoked. The provisions of this section shall be extended to all non-resident operators of motor vehicles residing in a state the proper authorities of which shall agree with said secretary to revoke, for a period of at least sixty days, the certificates and licenses of any owner or operator of a motor vehicle who shall fail to appear for trial when summoned as hereinbefore provided.

"RULES OF THE ROAD."

An Act Concerning the Meeting and Passing of Persons and Vehicles on Public Highways.

*Be it enacted by the Senate and House of Representatives
in General Assembly Convened:*

Section 1. Whenever the term "vehicle" is used in this act it shall include bicycles, tricycles, motor bicycles, motor vehicles of all kinds, vehicles drawn by horses or other animals, and all other vehicles used for the carriage of persons or goods, no matter how propelled, excepting only such vehicles as are run only upon rails or tracks.

Sec. 2. Whenever a person walking in the traveled portion of a public highway, or a person riding, driving, or leading a horse or other animal therein, or driving or operating a vehicle therein, shall meet another person thus walking or thus riding, driving, or leading a horse or other animal, or thus driving or operating a vehicle, if such persons are moving in opposite directions each shall slacken his pace, if necessary, and seasonably turn to the right so as to give half of the traveled road, if practicable, and a fair and equal opportunity to pass, to the other; or, if they are moving in the same direction, the person overtaking shall pass on the left side of the person overtaken, and the person overtaken shall, as soon as practicable, turn to the right so as to give half of the traveled road and a free passage on the left, to the other. Any such person shall, at the intersection of public highways, keep to the right of the intersection of the centers of such highways, when turning to the right, and pass to the right of such intersection when turning to the left.

Sec. 3. Every person who shall, by neglecting to conform to the provisions of section two of this act, cause any injury to the person or property of another, or shall negligently collide with another, thereby causing such injury, shall pay to the party injured double or treble damages as, in the discretion of the judge of the court in which the action is pending, shall seem just, together with the costs of such action.

Sec. 4. If the owner of any horse or other animal, or of any vehicle, shall entrust such animal or vehicle to his agent, servant, or employe, to be ridden, led, driven, or operated by such agent, servant, or employe upon the public highways of this state, or shall rent or loan the same to an incompetent and inexperienced person to be thus ridden, led, driven, or operated, and such agent, servant, or

employee, while in the execution of such owner's business within the scope of his authority, or such incompetent and inexperienced person, as a result of such incompetency and inexperience, shall, by neglecting to conform to the provisions of section two of this act, cause any injury to the person or property of another, or shall negligently collide with another, thereby causing such injury, such owner shall pay to the party injured his actual damages and costs; but in every case the party injured shall elect whether he shall proceed against such owner under the provisions of this section or against the person actually causing such injury under the provision of section three of this act.

Sec. 5. Any person violating any of the provisions of section two of this act shall be fined not more than fifty dollars.

Sec. 6. Sections 2035, 2036, 2037, and 2038 of the general statutes and all other acts and parts of acts inconsistent herewith are hereby repealed.

IMPORTANT

All registrations expire on the 31st day of December at midnight, in each year.

A pro-rata reduction in fees is allowed on applications for registration filed after the last day in March in any year.

For annual registration the fees are:

\$2.00 for each motor cycle, regardless of the horse power thereof.

For each commercial motor vehicle regardless of the horse power thereof, \$7.00 for the first 1000 pounds or fractional part thereof of carrying capacity, and \$3.00 for each additional 1000 pounds or fraction thereof over 400 pounds.

\$10.00 for each motor vehicle owned or controlled by a liveryman.

50c per horse power for every other motor vehicle.

Said horse power must be based on the formula adopted by the Association of Licensed Automobile Manufacturers, in the case of internal combustion engines, and in the case of steam and electric cars must be based on the horse power as advertised by the maker, and in the case of two ratings, the registration must be based on the higher rating.

Registration fees are chargeable from the first day of the month on which application is received.

Operators' Licenses are not pro-rated. Full fee is required for any portion of a year.

All fees must be absolutely correct and application cards filled out completely or registration and license will be delayed.

Remittances should be made by check, postal money order, or if currency, by registered mail.

Postage Stamps will not be accepted as payment for fees for Motor Vehicle Registrations and Licenses.

FORMULA FOR THE A. L. A. M. RATING

Bore squared, multiplied by the number of cylinders and divided by 2.5.

Example: Bore 4, squared equals 16; multiplied by number of cylinders, 4, equals 64; 64 divided by 2.5 equals 25.6 Horse Power.
